

SAVE GLEN PARK COMMITTEE

PROTEST MEETING

V TUESDAY, NOVEMBER 9, 7:45 p.m. GLEN PARK SCHOOL AUDITORIUM

Glen Park Playground and Glen Park Canyon will soon be decimated if San Francisco's highway engineers have their way in the realignment of O'Shaughnessy Boulevard. Even now bulldozers are leaving their mark on the Southern slopes of the Park. You are urged to protect your considerable investment in Glen Park by actively opposing the present scheme of the Department of Public Works.

A public protest meeting will be held on Tuesday, November 9, 1965, 7:45 p.m. at Glen Park School Auditorium (151 Lippard Ave.) James Lang, Superintendent of the Recreation and Park Department, and Clifford Geertz, City Engineer, as well as some members of the Board of Supervisors will be present.
